PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience in Python, Flask, HTML, CSS, JavaScript, Git, and GitHub. Developed AI-powered and web-based applications, including a Generative AI chatbot and expense tracker. Strong foundation in problem solving, REST API integration, and responsive web development. Seeking a Software Development/Web Development internship to apply technical skills and contribute to impactful projects.

EDUCATION

- Bachelor of Engineering (Computer Science Engineering)
R.N.G. Patel Institute of Technology, Surat (GTU University)
2023 – 2027 | CGPA: 9.26
 - Class XII (RBSE)
D.S. Science Academy, Gangapur City (Rajasthan)
Percentage: 96.80%
 - Class X (RBSE)
Creative Public Senior Secondary School, Gangapur City (Rajasthan)
Percentage: 86.50%
-

TECHNICAL SKILLS

- Programming Languages: C (basics) | Python | JavaScript
- Tools & Technologies: Git | GitHub | ChatGPT | VS Code | Colab
- Web Development: HTML5 | CSS3 | JavaScript | Flask | Django
- Concepts: Data Structures (Basic) | Rest APIs | Version control (Git) | Problem Solving | Responsive Web Design

SOFT SKILLS

- Problem Solving
 - Analytical Thinking
 - Communication Skills
 - Adaptability & Learning Agility
 - Time Management
 - Attention to Detail
-

EXPERIENCE / INTERNSHIP

Marketing & Community Engagement Intern | Younity Community

- 13 March – 27 March 2026
- Engaged with prospective learners through digital outreach and community interactions.
- Assisted in promoting online learning programs and increasing user engagement.
- Addressed user queries and provided guidance on available learning resources.
- Strengthened communication, customer engagement, teamwork, and problem-solving skills in a professional environment

AI Intern | AICW

- June 2026 – Present
 - Undergoing hands-on training in Artificial Intelligence and Machine Learning concepts.
 - Learning Python-based AI development and industry-relevant tools.
 - Collaborating with mentors and peers on practical AI learning activities.
 - Currently developing an AI-based project as part of the internship program.
-

PROJECTS

Satyakart – E-Commerce Web Application (In Progress)

- Tech Stack: HTML5, CSS3, JavaScript, MongoDB
- Developing a responsive e-commerce web application with a modern and user-friendly interface.
- Implementing product search, category-based filtering, and shopping cart functionality.
- Using MongoDB to manage product and application data efficiently.
- Building reusable and responsive UI components for an improved user experience.
- Continuously enhancing features and optimizing application performance.

AI Chatbot Web Application

- Tech Stack: Python, Flask, HTML, CSS, JavaScript, django
- Developed an AI Chatbot using Python, Flask and Generative AI APIs to provide intelligent responses and improve user interaction.
- Integrated API-based response generation
- Implemented backend using Python (Flask) and integrated with frontend interface
- Focused on handling user queries and improving response relevance

PV Tech Solutions – Business Website

- Tech Stack: HTML5, CSS3, JavaScript
- Developed a responsive multi-page business website with a modern and user-friendly interface.
- Designed sections including services, company information, and contact pages with intuitive navigation.
- Implemented responsive layouts, interactive UI components, and clean visual design for an improved user experience.
- Optimized the website for cross-device compatibility and smooth performance.

Hotel Prema Inn Website

- Tech Stack: HTML5, CSS3, JavaScript
 - Developed a responsive hotel website with a modern and premium user interface.
 - Designed pages for rooms, facilities, gallery, location, and contact information.
 - Implemented smooth navigation and interactive UI components for an enhanced user experience.
 - Optimized the website for responsiveness and cross-browser compatibility.
-

CERTIFICATES/ACHIEVEMENTS:

- Certification in E-Commerce & Data Literacy – EMPI Business School
 - AMCAT Certified
 - QCFI Certifications (3)
 - Excel Training Certification
 - Certificate of Fast Starter – Younity Community
 - Star Performer of the Day – Younity Community
 - Decode X Hackathon – Round 3 finalist
 - Technical Paper presentation
-
