PROFESSIONAL SUMMARY

Motivated Computer Science student with hands-on experience in building web applications and AI-based projects. Skilled in JavaScript, Python, and Flask, with a strong focus on solving real-world problems through practical development. Seeking an internship to contribute to impactful projects and grow as a developer.

EDUCATION

- Bachelor of Engineering (Computer Science Engineering)
  R.N.G. Patel Institute of Technology, Surat (GTU University)
  2023 – 2027 | CGPA: 9.26

- Class XII (RBSE)
  D.S. Science Academy, Gangapur City (Rajasthan)
  Percentage: 96.80%

- Class X (RBSE)
  Creative Public Senior Secondary School, Gangapur City (Rajasthan)
  Percentage: 86.50%

TECHNICAL SKILLS

- Programming Languages: C | Python | JavaScript
- Tools & Technologies: Git | GitHub | ChatGPT
- Web Development: HTML | CSS | JavaScript | Flask
- Concepts: Basic Programming Logic | Problem Solving

SOFT SKILLS

- Problem Solving
- Analytical Thinking
- Communication Skills
- Adaptability & Learning Agility
- Time Management
- Attention to Detail

EXPERIENCE / INTERNSHIP

- Currently Working as an Intern at Younity, focusing on course promotion and user engagement
- Communicated with potential users and handled queries effectively
- Improved communication, persuasion, and problem-solving skills in real-world scenarios

---

PROJECTS

AI Chatbot Web Application

- Built a chatbot using Generative AI APIs for intelligent response generation
- Integrated API-based response generation
- Implemented backend using Python (Flask) and integrated with frontend interface
- Focused on handling user queries and improving response relevance
- Tech Stack: Python, Flask, HTML, CSS, JavaScript

Personal Expense Tracker

- Developed a web-based application to track daily expenses with clean UI
- Implemented local storage for data persistence
- Implemented features to add, delete, and categorize expenses dynamically
- Focused on user experience and real-time data updates
- Tech Stack: HTML, CSS, JavaScript

House Renting Web Application

- Created a platform for property listing and rental browsing
- Implemented search functionality and structured property display system
- Designed responsive UI for better accessibility
- Tech Stack: HTML, CSS, JavaScript

CERTIFICATES/ACHIEVEMENTS:

- Certification in E-Commerce & Data Literacy – EMPI Business School
- AMCAT Certified
- QCFI Certifications (3)
- Excel Training Certification
- Certificate of Fast Starter in internship – Younity Community
- Star Performer of the Day in internship – Younity Community
- Participated in Decode X Hackathon (Reached Round 3)
- Presented Technical Paper

LEARNING & DEVELOPMENT

- Actively learning Python and backend development through NPTEL
- Exploring Generative AI integration in web applications
- Regularly building and improving projects using GitHub
